Note: SEDOL has 5GB Internet Connectivity and is planning on transitioning to multi-homed capable internet access with two (2) 5GB Internet Connections in 24-25.

Camera Licensing and Warranties

- Licensing options for the terms of both five (5) and ten (10) years are to be provided for cameras;
- Warranty options for the terms of both five (5) and ten (10) years are to be provided for cameras;

Additional Cameras for Inventory

- An additional one (1) camera of each type identified by the vendor needs to be added into responses for inventory purposes and should be identified as such (e.g. additional camera for inventory) in pricing.

Number of SEDOL Staff Requiring Access to Identified Solution

- Approximately thirty (30) staff at SEDOL will require access to the camera solution. This includes building administrators, central office administrators, and other support personnel.

References

Responses

- Vendors must submit responses that provide a 1:1 replacement of existing cameras along with the number of additional cameras and cabling that are specified in the RFP. This allows for a more straight-forward comparison between vendors and products as a part of SEDOL's evaluation process. Design or optimized builds will not be accepted.
- Vendors are responsible for providing lifts and including cost of lifts in pricing as SEDOL does not have this equipment.

Prevailing Wage

- Vendors are required to adhere to the Prevailing Wage Act.
